

STUDENT LOCKERS

Student lockers are the property of the school district. Students will use the lockers assigned to them by the school district for storing their school materials and personal belongings necessary for attendance at school. It is the responsibility of students to keep their assigned lockers clean and undamaged.

To ensure students are properly maintaining their assigned lockers, the principal of the building may periodically inspect all or a random selection of lockers. Either students or another individual will be present during the inspection of their lockers. Student lockers may also be searched, at any time and without advance notice, in compliance with board policy regulating search and seizure.

NOTE: There should be limits on the length of time an individual has to pursue complaints in order to bring the issue to closure. The board needs to determine the appropriate number of days, five for example, and place that in the blanks. There are limits similar to this in Policy 307, and the board may want to use the same number of days in that policy to ensure consistency.
