

# Gilbert Schools

*Every Student. Every Day.*

---

August 7, 2020

Gilbert Families,

As we get closer to the official start date of August 27, we know families still have questions. The administrative team has put together a [Reopening Plan](#) that will hopefully answer these questions. Please take the time to look through this document. It will be updated as changes occur and new guidance is released.

If there are other questions you would like answered, please fill out the [Return to Learn Question Survey](#). The administrative team will be compiling the survey questions and releasing an FAQ next week.

As we move through this ever-changing COVID environment, there is a slight addition to the Remote Learning Option for High School Students. If a high school student chooses remote learning, they will have the option to take one class onsite at Gilbert High School. For example, Johnny is choosing remote learning but would like to be onsite for his Calculus class. He would have the option to take Calculus onsite. Or Ann is choosing remote learning but would like to be onsite for band. Ann could choose band as her one option for onsite learning.

If a family would like to choose this option, please indicate this on the Commitment Form. If you have already submitted the commitment form, you will receive an email from the district with directions on how to move forward.

**The Commitment form will be available through Sunday, August 16.** This is a change. We are giving you a few extra days to consider your options.

For those who choose to do remote learning through October 2nd, you will be asked to reevaluate and submit a request to continue remote learning or join the onsite learning option. For those who choose to do remote learning for the entire first semester, in December, you will be asked to reevaluate and submit a request to continue remote learning or join the onsite learning option.

Early next week, our Remote Learning Playbook will be coming out.

84.4% of our students are registered for school. Thank you! We only have 257 students left. Please take a few minutes to register if you haven't already done so. Please remember registration is separate from onsite or the remote learning option. If you have any registration questions, please contact our Registrar, Cassie Wendt, [wendtc@gilbertcsd.org](mailto:wendtc@gilbertcsd.org) or 232-3740.

We appreciate partnering with all families. Thank you for being patient and working together.
