

EMPLOYEE ORIENTATION

Employees must know their role and duties. New employees will be required to participate in an orientation program for new employees. The employee's immediate supervisor should provide the new employee with a review of the employee's responsibilities and duties. Payroll procedures and employee benefit programs and accompanying forms will be explained to the employee by the School Business Official. Regular employees ineligible for the school district's group health plan will be given information regarding where they can obtain health care or health care insurance.
