I think Leader in Me has made me a better leader by helping me listen to my classmates and helping with chores around my house. I have helped set up dinner with my mom and sweep the floor. It has also made me more responsible and helps me remember what I'm supposed to be doing during the day.

**Taryn E.
4th Grade**

I think how to do a win win and be prepared.

**Lyla K.
4th Grade**

It has shown me how to lead a community.

**Justin S.

Leader in Me has been a project that helps me realize the things that I could maybe do better at. Leader in Me also helped me by eating healthier, planning what I'm going to do, and spending less time on the screen.

**Hanna H.

I have been more like reminded to be truthful and like a leader

**Austin A.

**Caitlyn S.

Leader in Me has helped me live in the second quadrant. Spending time with friends/family, reading, staying active, and more! Living in the second quadrant helps your life feel more relaxed and prepared. Which is a good feeling. This is one of the many ways that Leader in Me has helped me, and other students.
