Teachers who have successfully completed a probationary period in a previous Iowa school district will serve a one year probationary period.

Classified employees are employed at-will. Work hours and specific responsibilities will be determined by their supervisor.

Public Complaints about an Employee

The board recognizes situations may arise in the operation of the school district which are of concern to parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to board action however, the following should be completed:

- a. Matters should first be addressed to the teacher or employee.
- b. Unsettled matters from (a) above or problems and questions about individual attendance centers should be addressed to the employee's building principal for licensed employees and the superintendent for classified employees.
- c. Unsettled matters regarding licensed employees from (b) above or problems and questions concerning the school district should be directed to the superintendent.
- d. If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board. To bring a concern regarding an employee, the individual may notify the board president in writing, who may bring it to the attention of the entire board, or the item may be placed on the board agenda of a regularly scheduled board meeting in accordance with [board policy 213.1](#).

It is within the discretion of the board to address complaints from the members of the school district community, and the board will only do so if they are in writing, signed, and the complainant has complied with this policy.

Additional announcements of the position may occur in a manner which the superintendent believes will inform potential applicants about the position. Whenever possible, the preliminary screening of applicants will be conducted by the administrator who will be directly supervising and overseeing the person being hired.

The board will employ employees after receiving recommendations from the superintendent. The superintendent, however, will have the authority to hire an employee on a temporary basis until a recommendation can be made and action can be taken by the board on the position.

The board may employ temporary teachers for a period up to six months and temporary administrators up to nine months. Temporary employees will be employed to fill a vacancy created by a leave of absence or unexpected termination of a licensed employee.

Release of Credit Information

The following information will be released to an entity with whom an employee has applied for credit or has obtained credit: title of position, income and number of years employed. This information will be released without prior written notice to the employee as it is all public information. Confidential information about the employee will be released to an inquiring creditor with a written authorization from the employee.

Transfers

Determining the location where a classified employee's assignment will be performed is the responsibility of the superintendent and within the sole discretion of the board. In making such assignments each year the superintendent will consider the qualifications of each classified employee and the needs of the school district.

A transfer may be initiated by the employee, the principal or the superintendent. It is the responsibility of the superintendent to transfer classified employees and report such transfers to the board per [board policy 411.6](#).

For certified staff, a notice of an opening creating any opportunity to transfer shall be posted in each building at least five (5) business office work days before the final date when applications must be submitted. A vacancy that occurs during the summer months will be posted at the central office and emailed to the Association president. Any Employee possessing the necessary qualifications may apply for consideration for any posted vacancy. Such applications must be in writing and received in the Superintendent's office by the date posted on the notice. An application must be made each time an opportunity is posted, and applications shall not carry over from one opportunity to transfer to another. All applications for transfer shall be considered

along with any applications from non-employees. The filling of the vacancy shall be based upon the needs of the District as determined by the Employer in its sole discretion. Employees shall be notified if they are denied a transfer. If the Employee involved desires, a meeting between the Employee and the Employer will be held to explain the denial. The five (5) days posting period shall be waived by mutual agreement of the superintendent and the president of the Gilbert Education Association in emergency situations.

Work Day

The work day for employees will begin at a time established by the principal or supervisor. "Day" is defined as one work day regardless of full-time or part-time status of an employee.

Employees whose employment is terminated will be given the appropriate level of due process as required by law.

Employees will perform their assigned job, respect and follow board policy and obey the law. The superintendent is authorized to suspend a classified employee with or without pay pending board action on a discharge or during investigation of charges against the employee or for disciplinary purposes. It is within the discretion of the superintendent to suspend a classified employee with or without pay. A classified employee may be dismissed for any reason, including, but not limited to, incompetence, willful neglect of duty, reduction in force, willful violation of board policy or administrative regulations, or a violation of the law according to [board policy 413.4](#).

Employee Recognition

The district recognizes and appreciates the services of its employees. Employees who retire or resign may be honored by the board, administration and staff in an appropriate manner.

If the form of honor deemed appropriate by the administration and employees involves unusual expense to the school district, the superintendent will seek prior approval from the board.

Employee Publication or Creation of Materials

Materials created by employees and/or the financial gain therefrom are the property of the school district if school materials and/or time were used in their creation and/or such materials were created in the scope of the employee's employment unless prior arrangements are made. The employee must seek prior written approval of the superintendent concerning such activities.

Limitations to Employment References

School employees shall not assist another co-worker, contractor, or agent in obtaining a new job, apart from the routine transmission of administrative personnel files, if the employee knows, or has probable cause to believe, that such co-worker, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law.

This limitation does not apply if the matter has been properly reported to law enforcement and any other regulatory authorities required by law, and either:

- the individual is acquitted or otherwise exonerated of the alleged misconduct; or
- more than four years has passed since the case was opened, and no charges or indictment have been filed.

All overtime must be approved in advance by the appropriate supervisor. Failure to do so will result in discipline, up to and including termination. The superintendent shall develop procedures to ensure the accurate recording of time worked and compensation disbursed for all district employees.

The payroll calendar can be located on District's Website [Payroll Calendar 2023-2024](#)

Professional Development

Employees are expected to attend all professional development opportunities and staff meetings provided by the school district unless they are on leave or have been excused by their immediate supervisor. For all professional development programs, the district requires, the district will provide employees notice indicating the section of the law, or rules adopted by the state board of education or board of educational examiners that the district determines requires the employee to participate in the program.

Each building has a yearly plan in place for teacher professional development that is developed by district administration with the cooperation of the teacher quality and professional development committee. Teachers may consult the master contract for professional development leave. Teacher associates may participate in building-level professional development if directed by their building principal. Classified staff employees are expected to participate in job –related professional development provided by the district when these opportunities are provided or when directed by their respective supervisor. The district pays the employees for their class time and the registration fees for these training requirements.

Staff members seeking professional development opportunities should discuss it with their supervisor. All district staff will participate in required meetings and training as required by district policy. Required training will be paid for by the district.

Religious Holiday Celebrations in Public Schools

Employees should be cognizant of creating an inclusive space for all their students by maintaining a learning environment that is unbiased and objective. Holiday related activities should reflect this learning environment and will be educationally sound and sensitive to religious differences. Employees must not solicit or encourage religious or anti-religious activities/celebrations. Employees should be especially careful in planning activities that are to take place immediately preceding or on a religious holiday.

Employees must not inhibit students from expressing their religious beliefs or non-beliefs during the school day as long as it is non-disruptive to the instructional day, does not violate student behavior rules, and does not impose religious beliefs on other students. Expressions of belief or nonbelief initiated by individual students is permitted in composition, art forms, music, speech and debate. However, employees may not require activities which indoctrinate or force students to contradict their personal beliefs or nonbelief.

School Fees

Iowa law identifies the types of fees schools can charge. School districts only have the authority to charge fees for textbooks, school supplies, eye and ear protective devices, summer school, driver's education and transportation for students not eligible for free transportation. For those that are charged, the fees must be waived or reduced for those students who meet the eligibility requirements for free or reduced price meals. Employees cannot charge a student fee for anything without prior consent.

Employees are expected to work in a professional manner with parents and the community, when appropriate, for their positions. Teachers especially are expected to work closely with parents throughout the school year to ensure the success of all students, as parents are vital partners in the education of their children.

The board president is the spokesperson for the board, and the superintendent is the spokesperson for the school district along with our Director of Community Engagement. It is the responsibility of the board president and superintendent to respond to inquiries from the news media about the school district.

CONDUCT IN THE WORKPLACE

Employee Use of Cellphones

School district and personal phones and message devices are to be used appropriately at times that do not conflict with the employees' duties. Cell phones should be set on silent or vibrate modes during school hours to minimize disruptions. All personal calls should be made during sanctioned breaks. District telephones are only for official school business. Failure to follow this guideline will result in disciplinary action, up to and including termination.

Employee Use of District-Owned Vehicles

Certain district employment positions may require regular and extensive travel. Due to the required duties of these positions, the district may provide certain positions with use of district-owned vehicles. Employees who utilize district-owned vehicles during the course of their job duties are fulfilling the public purpose of meeting the needs of the educational community in an efficient, and time-sensitive manner. District-owned vehicles are purchased and maintained with public money and must be used strictly in accordance with fulfilling a public purpose. These vehicles represent the district in carrying out its educational mission. Therefore, district-owned vehicles will be clearly marked at all times to identify the district.

Fighting

Any verbal or physical altercations between or among employees or others will not be tolerated and may subject the employee(s) to disciplinary action, up to and including termination.

Fraud/Unlawful Gain

Any deliberate deception which secures an employee unfair or unlawful gain will be grounds for discipline and may be turned over to law enforcement. The school district will also file a complaint with the Iowa Board of Educational Examiners' as a violation of the employee's Code of Ethics and the district will also petition for license revocation.

Neglect of Duties

All employees are mindful that students are not to be left unattended and employees should not place themselves in any position where student safety is at risk or neglect of duty could be claimed. Employees, in a supervisory role, needing to leave an area where students are present must ensure another adult is present before leaving.

The district attempts to maintain equipment and supplies which permit work to be accomplished in the most efficient and effective manner possible. While employees are encouraged to use these items, it is important to understand that they are school district property only to be used for conducting school district business.

Abuse or misuse of school district or non-district owned property is to be reported immediately to the superintendent. Failure to do so will limit district responsibility and/or increase employee responsibility. It is expected all employees will use care and caution when using district and non-district property.

Abuse or misuse or unauthorized use of district property, private property, materials and/or equipment is subject to discipline, up to and including termination.

Use of Time

An employee is responsible for the time on the job which he/she is assigned. Each employee must develop work habits and systems to eliminate back-tracking or poor usage of time. This requires initiative and planning on the employee's part. Do not allow students, teachers, fellow workers or others to interrupt your work with lengthy conversations; simply excuse yourself and say you have work to do.

Actions such as the following are strictly prohibited by employees and will result in discipline, up to and including termination: loafing, loitering, sleeping, engaging in unauthorized personal business or prolonged visiting while on duty.

EMPLOYEE STANDARDS OF CONDUCT

Academic Freedom

The district's curriculum leaves room for teacher discretion and academic freedom within the confines of acceptable materials as outlined in each curriculum. Teachers are expected to use good judgment in their pedagogy and consider the culture and climate of the school and community and age of the students, as they individualize curriculum and provide a learning environment and assignments for their students. Teachers are expected to create a learning environment of age-appropriate civil discourse where a variety of viewpoints can be freely shared to enhance student learning.

Break or Meal Periods

Leaving the place of duty during a work shift without permission of their immediate supervisor, except during unpaid break periods, is cause for discipline, up to and including termination. Employee's supervisor may request the employee to clock out/in. Employees are expected to return to work immediately upon completion of a paid or sanctioned unpaid break.

Dress and Grooming

All employees are required to dress in a professional and appropriate manner in light of the environment in which they work, the duties of their jobs and the impressionable youth they serve. Clothing should be neat and clean. Discretion and common-sense call for an avoidance of extremes which would interfere with or have an effect on the educational process. Clothing deemed inappropriate will be discussed with the employee. Any clothing which could be deemed unsafe or disruptive to the school environment could result in disciplinary action.

Questions about appropriate attire should be addressed to the building administrator. Also, as role models for students, all staff members are expected to not only dress appropriately, but to practice exemplary hygiene.

Employee furnished work uniforms are expected to be kept clean and in good repair. The uniforms must be returned to the district when they become unwearable or upon termination of employment.

Casual Fridays and other special days may be held. Appropriate dress would be jeans and nice shirts/tops. Sweatshirts, sweatpants, and t-shirts (inappropriate for the occasion) are not to be worn.

Employee Outside Employment

The board believes that the primary responsibility of employees is to the duties of their position within the school district as outlined in their job description. The board expects that district employees will give the responsibilities of their positions in the school district priority over any other employment. Employees with external employment must keep the two positions separate and the external job cannot impact the school district job. Should a supervisor believe the external position is impacting the internal one; the supervisor will address it with the employee.

The board may request the employee to cease the outside employment as a condition of continued employment with the school district.

Employee Political Activity

Employees have full equality with other citizens in the exercise of their political rights and responsibilities, but employees shall refrain from certain political activities in the workplace and on district property under the jurisdiction of the board. Such prohibitions include, but are not limited to:

- Engaging in any activity for the solicitation, promotion, election or defeat of any referendum, candidate for public office, legislation or other political action during work hours/while engaged in official duties and in the presence of any student.
- Soliciting or receiving from any employee or other person any contribution or service for any political purpose during work hours/while engaged in official duties.

- Using classrooms, buildings or students for solicitation, promotion, election or defeat of any referendum, candidate for public office, legislation or other political action. (This provision does not apply to employee use of district facilities if they are related to third-party events/activities authorized by the district that are outside the employee's scope of employment.)
- Using school equipment or materials for solicitation, promotion, election or defeat or any referendum, candidate for public office, legislation or other political action.

Engaging in prohibited political activities may be grounds for discipline action, up to and including termination.

Employees may request a leave of absence to run for public office. That provision is detailed in the "Political Leave" section of this handbook.

Ethics – Board of Educational Examiners

School district employees are expected to perform their jobs in an ethical and honest manner consistent with board policy and the Iowa Board of Educational Examiners (BOEE) rules. Any actions deemed unethical or dishonest will incur appropriate discipline. Licensed staff members are expected to know and understand the Code of Professional Conduct and Ethics of the BOEE. The BOEE's Code of Professional Conduct and Ethics constitutes mandatory minimum standards of practice for all licensed employees. While classified employees, except coaches, are not subject to the BOEE Code of Ethics, it is good guidance for all employees and recommended reading for classified employees as well. [IOWA BOEE Ethics Brochure](#)

Failure to Complete Reports

In order to have the school district function in an efficient manner, all employees are expected to meet deadlines for all assigned paper or electronic reports, including but not limited to: time sheets, grade reports, student records, Individualized Education Plan (IEP) documentation and testing results. Failure to meet the required deadlines may result in discipline, up to and including termination.

Gifts

Employees will not, either directly or indirectly, solicit, accept or receive any gift or series of gifts, unless the gift is valued at less than three dollars or has a negligible resale value. Honorariums may be received but must be turned over to the school district unless the employee was on his or her own time, the donor does not meet the

definition of “restricted donor” or the gift or honorarium does not meet the definition of gift or honorarium.

Insubordination

Insubordination is the disobedience, failure or refusal to follow the written or oral instructions of supervisory authority or to carry out work assignments and will not be tolerated. Insubordination will result in discipline up to and including termination.

Relationships with Co-Workers

School district employees are encouraged to create an environment where co-workers' collaboration and cooperation add to the overall functioning of the district and fulfillment of individual job responsibilities. All employees must have a respectful attitude toward their job and co-workers, and they should not allow students, teachers, fellow workers or others to interrupt or demean their work.

Staff Technology Use/Social Networking

Usage of the school district's computer resources is a privilege, not a right, and use entails responsibility. All information on the school district's computer system is considered a public record. Whether there is an exception to keep some narrow, specific content confidential is determined on a case by case basis. Therefore, users of the school district's computer network must not expect, nor does the school district guarantee, privacy for email, online learning platform or use of the school district's computer network including websites visited. The school district reserves the right to access and view any material stored on school district equipment or any material used in conjunction with the school district's computer network.

Employees shall not post confidential or proprietary information, including photographic images, about the school district, its employees, students, agents or others on any external web site without consent of the superintendent. The employee shall adhere to all applicable privacy and confidentiality policies adopted by the school district when on external websites. Employees shall not use the school district logos, images, iconography, etc. on external websites. Employees shall not use school district time or property on external sites that are not in direct-relation to the employee's job. Employees, students and volunteers need to realize that the internet is not a closed system and anything posted on an external site may be viewed by others, all over the world. Employees, students and volunteers who do not want school administrators to know their personal information should refrain from exposing it on the internet. Employees who would like to start a social media site for school district sanctioned activities should contact the superintendent for approval. Once approved by the superintendent, the employee must work with the Technology Support Director in establishing and maintaining the site according to board policies [605.6](#) and [605.6E1](#).

Social Media

District employees enjoy the right to freedom of speech under the US and Iowa Constitutions. However, employees should consider whether their use of social media puts their professional reputation and effectiveness as a district employee at risk. Employees may not post any information concerning students or other employees that is confidential as a matter of law. Staff are encouraged to check and maintain appropriate privacy settings when posting and sharing on social media.

Employees who use social media platforms are encouraged to remember that the school community may not be able to separate employees as private citizens from their role within the district. Employee expression on social media platforms that interferes with or materially disrupts the district's operations or prevents the district or employee from functioning efficiently and effectively may be subject to discipline up to and including termination.

Additionally, employees should refrain from using social media for personal use while on work time. Employees should also refrain from using their district email addresses to register for social media platforms such as blogs, networks, or other online tools unless these tools are directly related to work for the district.

Theft

All thefts should be reported immediately to a principal or supervisor. Any employee found to be involved in theft of the district's or another person's property will result in appropriate discipline, up to and including termination.

Treatment of Patrons of the District

Patrons of the district are to be treated with respect on school grounds and at school events. Employees should be courteous at all times, and report to district administration any mistreatment by district patrons.

Volunteers

All school district volunteers are required to have a background check before volunteering. Background checks will be completed at each building using the Raptor system.

Employee Expression

The school district shall take reasonable measures as required by law to protect the intellectual freedom of students and employees and protect students and staff from discrimination based on speech. Employees who file a complaint alleging a violation of their intellectual freedom or discrimination based on speech shall not be retaliated against and shall have whistleblower protections under Iowa law.

Employees will comply with Iowa law to the extent that compliance does not infringe on employee's free speech rights.

Employees who use social media platforms are encouraged to remember that the school community may not be able to separate employees as private citizens from their role within the district. Employee expression on social media platforms that interferes with the district's operations or prevents the district or employee from functioning efficiently and effectively may be subject to discipline up to and including termination.

A district employee who acts to protect a student for engaging in free expression or who refuses to infringe on students engaging in free expression and who is acting within the scope of their professional ethics will not be retaliated against or face any adverse employment action based on their behavior provided that expression is otherwise permitted by law and board policy.

If the board or court finds an employee that is subject to licensure, certification or authorization by the Board of Educational Examiners discriminated against a student or other district employee, the board will refer the employee to the Board of Educational Examiners for additional proceedings as required by law and which may result in discipline up to and including termination.

STUDENT AND CLASSROOM ISSUES

Abuse of Students by a School District Employee

School district employees are encouraged to create professional relationships with students to assist with their learning. Employees must not create relationships with students that are unhealthy or illegal. Adults must always be in a position to be trusted and caring for students, but the district will not tolerate any inappropriate relationships.

Physical or sexual abuse of students, including sexual behavior, by employees will not be tolerated. Employees found in violation of this policy will be subject to discipline, up to and including termination.

The district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. Employees are required to assist in the investigation when requested to provide information and to maintain confidentiality of the reporting and investigation process.

This reflects current Iowa law regarding abuse of students by school district employees. Refer to the Iowa Department of Education training manual for supporting materials and forms. The training manual can be located at: <https://educateiowa.gov/chapter-102-level-i-investigator-manual-january-2011-school-leader-update-legal-lesson>.

Child Abuse Reporting

The district believes in protecting our students and we strive for them to be productive without outside factors weighing on their ability to learn. In compliance with state law and to provide protection to victims of child abuse, the board believes incidents of alleged child abuse should be reported to the proper authorities. All school employees 18 years of age or older are required as mandatory reporters, to report alleged incidents of child abuse they become aware of within the scope of their professional duties.

Child abuse is the result of the acts or omissions of a person responsible for the care of a person under the age of 18 who has suffered one or more of the categories of child abuse as defined in Iowa Code 232.68 (physical abuse, mental injury, sexual abuse, denial of critical care, failure to supervise, child prostitution, presence of illegal drugs, manufacturing or possession of a dangerous substance, bestiality in the presence of a minor, allows access by a registered sex offender, allows access to obscene material or child trafficking).

When a mandatory reporter suspects a student is the victim of child abuse, the mandatory reporter shall make an oral report of the suspected child abuse to the Iowa Department of Human Services within 24 hours of becoming aware of the abusive incident and shall make a written report to the Iowa Department of Human Services within 48 hours following the oral report. If the mandatory reporter believes the child is in immediate danger, the local law enforcement agency will also be notified.

Within three months of their initial employment, mandatory reporters will take a two-hour training course involving the identification and reporting of child and dependent adult abuse, or submit evidence they have taken the course within the previous three years. The course will be re-taken at least every three years at [AEA Learning Online](#)

Call 1-800-362-2178. According to Iowa Code section 232.70, if you are a mandatory reporter of child abuse and you suspect a child has been abused, you need to report it to the DHS. The law requires you to report suspected child abuse to the DHS orally within 24 hours of becoming aware of the situation.

This reflects the current status of Iowa law regarding child abuse reporting. For more information and to access a guide for mandatory reporters, please go to the Iowa Department of Human Services website at: www.dhs.iowa.gov/sites/default/files/Comm164.pdf.

Corporal Punishment, Restraint and Seclusion of Students

State law forbids school employees from using corporal punishment, mechanical restraint, and/or prone restraint against any student. Certain actions by school employees are not considered corporal punishment. School employees may use “reasonable and necessary force, not designed or intended to cause pain” to do certain things, such as prevent harm to persons.

State law also places limits on school employees’ abilities to restrain or seclude any student. The law limits why, how, where, and for how long a school employee may restrain or seclude a student. If a student is restrained or secluded, the school must maintain documentation and must provide certain types of notice to the child’s parent. District employees will receive Chapter 103 training on physical restraint and seclusion prior to using these behavior interventions with students.

Non-employees whose duties could require the individual to participate in or be present when physical restraint or seclusion is being used will be invited to join employee training on this subject.

Failure to comply with Chapter 103 training or requirements shall result in discipline, up to and including termination.

Field Trips

In certain classes, field trips and excursions are authorized and may be taken as an extension of the classroom to contribute to the achievement of the educational goals of the school district. If a field trip is required for a course, students are expected to attend the field trip, unless an appropriate reason prohibits attendance. The field trip must be approved by building principal in advance.

Individuals with Disabilities Education Act (IDEA)

The Individuals with Disabilities Education Act (IDEA) is a federal law ensuring services to children with disabilities throughout the nation. IDEA governs how states and public agencies provide early intervention, special education and related services to eligible children. Employees are expected to comply with IDEA. For additional information regarding IDEA, please visit The United States Department of Education website, located at <https://sites.ed.gov/idea/>. Additionally, employees are expected to follow school district procedures for identifying students who need additional assistance and meet the needs of identified students.

Homework and Grading

Information on this topic is located in building handbooks and [board policy 505.5R1](#).

Parent/Teacher Conferences

Information regarding Parent/Teacher Conferences is located on the District's Website at [Parent-Teacher Conferences](#).

Searches of Students and Property

In order to protect the health and safety of students, employees and visitors to the school district and for the protection of the school district facilities, students and their belongings and school owned lockers and desks may be searched or inspected without a search warrant.

Employees must adhere to district policy and administrative regulations regarding the search, pat down or inspection of a student and his or her belongings per board policy [502.8](#).

Standardized Testing and Assessment

Assessment is an important part of the education process and the school district is committed to ensuring the integrity of testing and assessment practices. Employees are expected to administer standardized tests consistent with Iowa law and Board of Educational Examiners ethical codes that promote the integrity of the assessment and the validity of student responses. Failure to do so may result in discipline, up to and including termination.

Student Funds and Fundraising

Student fundraising for school activities may occur upon approval by the building principal or athletic director at least two weeks prior to the fundraising event or the start of a fundraising campaign and with an employee overseeing the fundraising. A [FUNDRAISING APPROVAL FORM](#) must be completed before the fundraising event starts. Funds raised remain in the control of the school district and the board. School-sponsored student organizations must identify a specific purpose for fundraising and

secure the approval of the principal prior to spending the money raised. The district's fundraising guidelines must be followed.

Any person or entity acting on behalf of the district and wishing to conduct an online fundraising campaign for the benefit of the district shall begin the process by seeking prior approval from the superintendent. Money or items raised by an online fundraising campaign will be the property of the district only upon acceptance by the board, and will be used only in accordance with the terms for which they were given, as agreed to by the board. Please refer to [Board policy 704.6-Online Fundraising Campaigns-Crowdfunding.](#)

Student Records

School employees are entrusted with confidential information – whether it is about students or fellow employees. Employees must not disclose confidential student information unless it is permitted by law. Please contact the Business Office if you have a request for student records.

Give careful thought to what you discuss concerning school matters whether with parents, colleagues, and members of the community. Rumors and criticism are promoted by outside gossip. Many rumors and unnecessary criticism can be avoided by referring community members to the school principal or appropriate staff member. Employees must exercise significant care and judgment when handling confidential information. A break in confidentiality can result in discipline, up to and including termination, and expose the employee to personal liability for violation of Iowa's privacy law.

Student Disclosure of Gender Identity

It is the goal of the district to provide a safe and supportive educational environment in which all students may learn. This includes transparency and collaboration with parents in an effort to support their students. As part of creating that safe educational environment, no employee of the district will provide false or misleading information to the parent/guardian of a student regarding that student's gender identity or intention to transition to a gender that is different from their birth certificate or certificate issued upon adoption.

If a student makes a request to a licensed employee to accommodate a gender identity, name, or pronoun that is different than what was assigned to the student in the student's registration forms or records, the licensed employee is required by Iowa law to report the request to an administrator. The school administrator receiving the report is then required by Iowa law to report the request to the student's parent/guardian. This requirement also applies to all nicknames.

Transporting of Students by Employees

Generally, transportation of students is in a motor vehicle owned by the school district and driven by a school bus driver. Students may be transported in private vehicles for school purposes. It is within the discretion of the superintendent to determine when this is appropriate.

Individuals transporting students for school purposes in private vehicles must have the permission of the superintendent and meet all applicable requirements set by the district. Private vehicles will be used only when:

- The vehicle is in good condition and meets all applicable safety requirements
- The driver possesses a valid driver's license
- Proof of insurance has been supplied to the superintendent and insurance satisfies the minimum coverage requirements for driving personal vehicles in the State of Iowa, and
- The parents of the students to be transported have given written permission to the superintendent.

Tutoring

Every effort will be made by the licensed employees to help students with learning problems before recommending that the parents engage a tutor. Since there are exceptional cases when tutoring will help students overcome learning deficiencies, tutoring by licensed employees may be approved by the superintendent. Licensed employees may only tutor students other than those for whom the teacher is currently exercising teaching, administrative or supervisory responsibility unless approved by the superintendent.

Tutoring for a fee may not take place within school facilities or during regular school hours unless approved by the superintendent and the fees go to the school district, not the teacher. Any questions about whether a tutoring relationship or activity complies with the Code of Professional Conduct and Ethics for educators should be directed to the Board of Educational Examiners.

HEALTH AND WELL-BEING

Administering Medication

The supervision of any medication distribution to students shall be in strict compliance with the rules and regulations of the board. District employees may not dispense or administer any medications, including prescription and non-prescription drugs, to students except as outlined in board policy.

Anti-Bullying and Anti-Harassment

[Board policy 104 - Anti-Bullying/Anti-Harassment Policy](#)

[Board policy 104.R1- Anti-Bullying/Anti-Harassment Investigation Procedures](#)

The district is committed to providing all students, employees, and volunteers with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Bullying and/or harassing behavior can seriously disrupt the ability of school employees to maintain a safe and civil environment, and the ability of students to learn and succeed.

Bullying and/or harassment of or by students, employees, and volunteers is against federal, state, and local policy and is not tolerated by the board.

Accordingly, school employees, volunteers, and students shall not engage in bullying or harassing behavior while on school property, while in school-owned or school-operated vehicles, while attending or participating in school-sponsored or sanctioned activities, and while away from school grounds if the conduct materially interferes with the orderly operation of the educational environment or is likely to do so.

Complaints may be filed with the superintendent or superintendent's designee pursuant to the regulation accompanying this policy. The superintendent is responsible for implementation of this policy and all accompanying procedures. Complaints will be investigated within a reasonable time frame. Within 24 hours of receiving a report that a student may have been the victim of conduct that constitutes bullying and/or harassment, the district will notify the parent or guardian of the student.

If, as a result of viewing surveillance system data or based on a report from a school district employee, the district determines that a student has suffered bullying or harassment by another student enrolled in the district, a parent or guardian of the student may request to enroll the student in another attendance center within the district that offers classes at the student's grade level, subject to the requirements and limitations established in Iowa law related to this topic.

Communicable Diseases – Employees

Employees who are ill are encouraged to stay home.

Employees with a communicable disease will be allowed to perform their customary employment duties provided they are able to perform the essential functions of their position and their presence does not create a substantial risk of illness or transmission to students or other employees. The term “communicable disease” will mean an infectious or contagious disease spread from person to person, or animal to person, or as defined by law.

Prevention and control of communicable diseases is included in the school district's bloodborne pathogens exposure control plan. The procedures will include scope and application, definitions, exposure control, methods of compliance, universal precautions, vaccination, post-exposure evaluation, follow-up, communication of hazards to employees and record keeping. [Refer to board policy 507.3.](#)

Employee Injury on the Job

Employee and student safety is a major district concern. An employee should therefore remove him or herself from and report any situations where employee safety is compromised. If an employee becomes seriously injured on the job, the employee's supervisor will attempt to notify a member of the family, or an individual of close relationship, as soon as the employee's supervisor becomes aware of the injury.

If possible, an employee may administer emergency or minor first aid. An injured employee will be turned over to the care of the employee's family or qualified medical professionals as quickly as possible.

It is the responsibility of the employee injured on the job to inform their immediate supervisor within twenty-four hours of the occurrence. It is the responsibility of the employee's immediate supervisor to file an accident report within twenty-four hours after the employee reported the injury to **SFM Work Injury Hotline at 855-675-3501** [Work Injury Hot Line](#). If treatment is needed, report to Occupational Medicine at McFarland Clinic (239-4400) whenever possible and prudent for care and treatment.

If an employee is injured on the job and is being compensated through Worker's Compensation, leave will not be used.

Employee Physical Examination

The district believes good health is important to job performance. School bus drivers will present evidence of good health upon initial hire and every other year in the form of a physical examination report, unless otherwise required by law or medical opinion.

The cost of the initial bus driver examinations will be paid by the **school district**. The form indicating the employee can perform the duties, with or without reasonable accommodation, for which the employee was hired, must be returned prior to the performance of duties. The cost of bus driver renewal physicals will be paid by the school district up to a maximum amount charged by McFarland Clinic Occupational Medicine. The school district will provide the standard examination form to be completed by the personal physician of the employee or a certified medical examiner for bus drivers.

Employees whose physical or mental health, in the judgment of the administration, may be in doubt must submit to additional examinations to the extent job-related and consistent with business necessity, when requested to do so, at the expense of the school district.

The district will comply with occupational safety and health requirements as applicable to its employees in accordance with law.

Hazardous Chemical Disclosure

Each employee will annually review information about hazardous substances in the workplace. When a new employee is hired or transferred to a new position or work site, the information and training, if necessary, is included in the employee's orientation. When an additional hazardous substance enters the workplace, information about it is distributed to all employees, and training is conducted for the appropriate employees. **The Maintenance Director** will maintain a file indicating which hazardous substances are present in the workplace and when training and information sessions take place.

The mandatory poster for State of Iowa Job Safety and Health is located on the Iowa Workforce Development website https://www.iowaosha.gov/sites/authoring.iowadivisionoflabor.gov/files/OSHA.snh_posterb-w-2_%284%29.pdf and is also displayed at each building's staff lounge.

The district is committed to providing a safe and healthy workplace and to promoting the health and well-being of employees. As required by Iowa Code Chapter 142D, the Iowa Smokefree Air Act, and also motivated by a desire to provide a healthy work environment, the district prohibits smoking, and the use of tobacco and nicotine products as cited in board policy, on all school grounds and in school vehicles.

Substance Free Workplace

Alcoholic beverages, illegal substances, and legal substances used illegally shall not be consumed at any time during the employee's work shift. It is in violation of school district work rules for an employee to report to work in an unsafe condition, or in a condition which impairs the employee's judgment or performance of job functions due to the use of alcohol or other substances. Unauthorized possession or use of alcoholic beverages or other substances during work hours, while on district time or property, or while engaging in district business will result in discipline, including termination.

It is a violation of the federal Substance-Free Workplace law for an employee to unlawfully manufacture, distribute, dispense, possess, use, or be under the influence of in the workplace any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana or any other controlled substance or alcohol, as defined in Schedules I through V of section 202 of the Controlled Substances Act (21 U.S.C. 812) and further defined by regulation at 21 C.F.R. 1300.11 through 1300.15 and Iowa Code Chapter 124.

"Workplace" is defined as the site for the performance of work done in the capacity as an employee. This includes school district facilities, other school premises or school district vehicles. Workplace also includes off school property if the employee is at any school-sponsored, school-approved or school-related activity, event or function, such as field trips or athletic events where students are under the control of the school district or where the employee is engaged in school business.

Employees who operate school vehicles are subject to mandatory random and scheduled federal drug and alcohol testing if a commercial driver's license is required to operate the vehicle and the vehicle transports sixteen or more persons including the driver. For regulations and forms please visit the Federal Motor Carrier Safety Administration website located at: <https://www.fmcsa.dot.gov/regulations>.

EMPLOYEES ARE FURTHER NOTIFIED it is a condition of their continued employment that they comply with the above policy of the school district and will notify their supervisor of their conviction of any criminal drug statute for a violation committed in the workplace, no later than five days after the conviction.

LEAVES AND ABSENCES

Absenteeism

In order to accomplish the goals and mission of the district, daily attendance by all employees is imperative. Employees are encouraged to limit absenteeism to emergencies and appropriate instances that cannot be scheduled outside of a workday.

Employees must notify their immediate supervisor of all times when they will be absent or to submit leave requests. Absences arranged in advance (vacations and personal days) do not require a call when absent or when returning to work, unless outside the scheduled time off. If an employee is absent for **three (3)** consecutive workdays, without proper notification and authorization, the employee shall be considered to have abandoned his or her position and may be terminated. Misuse of leave procedures or misrepresentation of reasons for leave may lead to discipline, up to and including termination. Failure to report promptly at the starting time or leaving before the scheduled quitting time or failure to timely notify the proper supervisor of impending absence or tardiness, prior to designated starting time, is reason for discipline even if the employee has not yet exhausted available paid leave.

A leave request for an employee should be entered into the leave system, [Frontline-Absence Management](#), only by the employee requesting the leave, if known one (1) hour in advance. If not known one (1) hour in advance, notify the supervisor, principal or principal's designee of the absence or if there are issues with the leave system.

The district understands that employees may need time off to mourn the loss of a family member or close friend.

Up to five **(5) days** bereavement leave shall be granted paid leave time for family members as follows: Parent, step-parent, parent-in-law, spouse, child, step-child, child-in-law, sibling, or grandchild. Up to three **(3) days** bereavement leave shall be granted paid leave time for family members as follows: Grandparent or sibling-in-law.

In the event of the death of a person other than those mentioned above, up to one **(1) day** bereavement leave may be granted.

If the holiday falls on a Saturday or Sunday, the holiday will either be the Friday immediately before the holiday or the Monday immediately after the holiday. In a week where a paid holiday would fall and overtime work hours would be required, the paid holiday time will be considered work time for overtime calculation purposes.

Employees shall be allowed two (2) days of paid leave per year for discretionary leave. An employee will notify his/her principal or supervisor five (5) days in advance, if possible. No more than three (3) members of the staff at each building may use the same day. Personal leave shall not be granted on the first or last day of the school year, during scheduled professional development time, nor the day immediately preceding a recess period or holiday, except in the event of graduation exercises for the employee, the employee's spouse or child; the wedding ceremony of an employee or child; an honor convocation honoring the employee, the employee's spouse or child; the military departure of an employee's spouse or child; or a state sanctioned event involving the employee's spouse as a coach/sponsor or child as a participant (including the Iowa State Fair). Employees who do not use their personal leave during the year may carry over three (3) personal leave days, not to exceed five (5) days in any one school year.

Employee Vacation

Vacation leave is available to fulltime employees who work twelve months a year. Vacation schedules are to be coordinated through the employee's supervisor.

The vacation may be taken during the school year provided the vacation will not disrupt the operation of the school district. The employee must submit a vacation request to their immediate supervisor, who will determine whether the request will disrupt the operation of the school district.

The board will determine the amount of vacation, holidays and personal leave that will be allowed on an annual basis for classified employees.

1-5 years = 10 days	11-15 years = 15 days
6 years = 11 days	16 years = 16 days
7 years = 12 days	17 years = 17 days
8 years = 13 days	18 years = 18 days
9 years = 14 days	19 years = 19 days
10 years = 15 days	20 years = 20 days

Classified employees will be paid only for the hours they would have been scheduled for the day. Vacation will not be accrued from year to year without a prior arrangement with the superintendent.

Family and Medical Leave

Unpaid family and medical leave will be granted up to 12 weeks (or up to 26 weeks of military caregiver leave to care for a covered service member with a serious injury or illness) per year to assist eligible employees in balancing family and work life. Requests for family and medical leave will be made to the superintendent. Employees must provide a written request for leave and sufficient medical certification to the Superintendent within 15 calendar days from the date of the employee's absence. The District reserves the right to designate leave as FMLA or to request re-certification at the District's discretion in accordance with federal law. Employees must comply with all other FMLA administrative rules prior to starting FMLA leave.

The requirements stated in [Board Policy 409.3](#) between employees and the board regarding family and medical leave of such employees will be followed. Other employees can donate only personal leave with a cap for the affected employee of 20 days. The Superintendent may approve at his/her discretion.

Family Sick Leave

Family sick leave ensures that employees have time available to take care of family when emergencies arise. The district's family sick leave procedures are as follows:

Up to eight (8) days paid leave per year may be taken for illness of spouse, child, step-child, child in-law, sibling, parent, step-parent, parent-in-law, or grandchild. Leaves for family illness shall be deducted from any accumulated sick leave.

Jury Duty

The board recognizes employees may be summoned for jury duty. Employees who are called for jury service will notify their immediate supervisor within twenty-four hours after notice of call to jury duty and will provide suitable proof of jury service to the school district and the District Office.

Employees will receive their regular salary. However, any payment for jury duty will be paid to the school district. The employee will report to work within one hour on any day when the employee is excused from jury duty during regular working hours.

Professional Leave

Up to two (2) days shall be granted to employees to visit other schools or for attendance at meetings in the employee's subject matter areas. Only one (1) of the two (2) days may be used to attend athletic clinics, which must be in a sport the employee is currently coaching in the district. Professional leave may be taken upon either teacher or administrative request. See Master Contract for additional information.

Military Service Leave

Employees may be called to participate in the armed forces, including the National Guard. If an employee is called to serve in the armed forces, the employee will have a leave of absence for military service until the military service is completed.

The leave is without loss of status or efficiency rating and without loss of pay during the first thirty calendar days of the leave.

An Employee on military leave shall be credited with experience on the salary schedule if the Employee performs services at least ninety-four (94) contract days. Sick leave will accumulate during the period of military leave.

Sick leave ensures that employees can take care of health needs. Employees who are ill are encouraged to stay home.

Evidence may be required regarding the mental or physical health of the employee when the administration has a concern about the employee's health. Evidence may also be required to confirm the employee's illness or family member's illness, the need for the illness leave, the employee's ability to return to work, and the employee's capability to perform the duties of the employee's position. It is within the discretion of the board or the superintendent to determine the type and amount of evidence necessary.

The district's sick leave schedule and procedures are as follows:

First year of Employment	10 days
Second year of employment	11 days
Third year of employment	12 days
Fourth year of employment	13 days
Fifth year of employment	14 days
Sixth year of employment	15 days

On days when an employee is home ill, employees are to enter their absence in the leave system or notify the principal of the absence if there are issues with the leave system.

If an employee has been sick for five (5) consecutive days, a note from a doctor to return to work is required.

The board will provide a leave of absence to employees to run for elected public office. The superintendent will grant an employee a leave of absence to campaign as a candidate for an elective public office as unpaid leave.

The request for leave must be in writing to the superintendent of schools at least 30 days prior to the starting date of the requested leave.

Unpaid Leave

Unpaid leave may be used to excuse an absence not provided for in other leave policies of the board. An [Unpaid Leave Form](#) must be completed and authorized by the superintendent. Leaves of absences without pay are not encouraged and such requests will generally be denied.

SAFETY AND SECURITY

Asbestos Notification

Asbestos has been an issue of concern for many years. The Asbestos Hazard Emergency Response Act of 1986 (AHERA) was designed to determine the extent of asbestos concerns in the schools and to act as a guide in formulating asbestos management policies for the schools. The school district facilities have been inspected by a certified asbestos inspector as required by AHERA. The inspector located, sampled and determined the condition and hazard potential of all material in the school facilities suspected of containing asbestos. The inspection and laboratory analysis records form the basis of the asbestos management plan.

A certified management planner has developed an asbestos management plan for the school district facilities which includes: notification letters, training for employees, a set of procedures designed to minimize the disturbance of asbestos-containing materials, and plans for regular surveillance of the materials. A copy of the management plan is available for inspection in the office.

Building Security

The district is committed to maintaining a safe and secure learning environment for students and staff. In order to accomplish this, it is the responsibility of all employees to do their part in creating this safe and secure environment. Employees should contact a district administrator, to report any security/safety hazard(s) or condition(s) they identify.

Drills and Evacuations

Periodically the district holds emergency fire and tornado drills. In addition, the district will hold one emergency operations drill. At the beginning of each semester, teachers must notify students of the procedures to follow in the event of a drill. Emergency procedures and proper exit areas must be posted in all rooms. When drills are staged, every staff member and student must follow proper procedures.

Emergency Closings, Inclement Weather and Other Interruptions

When the superintendent decides the weather threatens the safety of students and employees, he/she will notify students and employees by using School Messenger and media to broadcast a school closing announcement. Support staff will be contacted by their supervisor regarding work obligations. If conditions cause lateness or inability to report to work, contact your supervisor immediately. If school is dismissed early due to poor weather and/or road conditions, teachers, and support staff personnel may leave immediately after the school buses have left. Building secretaries may leave as soon as all buses have returned and all students are accounted for. Hourly employees should make the appropriate adjustment on the weekly time sheet if they leave early. Due to the circumstances surrounding snow and ice storms and blizzard conditions, work hours for custodial staff will be coordinated and/or adjusted by the director of maintenance to coordinate snow removal efforts in order to ensure school facilities can be reopened in a timely manner.

When weather conditions require that school be cancelled for the day, only twelve (12) month employees are required to report to work or take vacation time in lieu of reporting to work.

Staff Identification Badges

An identification badge shall be issued to each employee. Badges shall be worn when the employee is on duty and shall be displayed between the waist and the shoulder on the outer garment or on a lanyard. If an employee comes to work without the permanent badge, a temporary badge may be obtained from the office. The loss of a permanent badge shall be immediately reported to your administrator, who will issue a replacement badge. Badges remain the property of the district and shall be returned to the building administrator at the time of resignation, retirement or termination.

Threats of Violence

All threats of violence - whether oral, written or symbolic - against students, employees, visitors, or to school facilities are prohibited. All such threats will be promptly investigated. Law enforcement may be contacted. Threats issued and delivered away from school or school activities may be grounds for discipline if the threat impacts the orderly and efficient operation of the school. Employees engaging in threatening behavior will face discipline, up to and including termination.

Visitors/Guests

The board welcomes the interest of parents and other members of the community and invites them to visit the school buildings and sites. Visitors, which include persons other than employees or students, must notify the principal of their presence in the facility upon arrival.

Individuals who wish to visit a classroom, whether in person or remotely, while school is in session are asked to notify the principal and obtain approval from the principal prior to the visit so appropriate arrangements can be made and class disruption can be minimized.

Visitors will conduct themselves in a manner fitting to their age level and maturity and with mutual respect and consideration for the rights of others while attending school events. Visitors will also be required to follow district rules on health and safety as well as other public health guidelines. Visitors failing to conduct themselves accordingly may be asked to leave the premises. Children who wish to visit school must be accompanied by a parent or responsible adult.

It is the responsibility of employees to report inappropriate conduct. It is the responsibility of the superintendent and principals to take the action necessary to cease the inappropriate conduct. If the superintendent or principals are not available, a school district employee is responsible for taking the action necessary to cease the inappropriate conduct.

Weapons

The district believes weapons and other dangerous objects in school district facilities cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on the school district premises or property within the jurisdiction of the school district.

Employees are prohibited from bringing weapons and other dangerous objects on school grounds. Weapons under the control of law enforcement officials or other individuals specifically authorized by the board are exempt in accordance with law and [board policy 502.6](#). Licensed employees who wish to be released from an executed contract must give at least twenty-one days' advance notice to the superintendent. Licensed employees may be released at the discretion of the board. Only in unusual and extreme circumstances will the board release a licensed employee from a contract. The board will have sole discretion to determine what constitutes unusual and extreme circumstances.

Release from a contract may be made contingent upon finding a suitable replacement. Licensed employees requesting release from a contract after it has been signed and before it expires may be required to pay the board the cost of advertising or other reasonable administrative costs incurred to locate and hire a suitable replacement. Upon written mutual agreement between the employee and the superintendent, and to the extent allowed by law the costs may be deducted from the employee's salary. When required, payment of these costs will be a condition for release from the contract. Failure of the licensed employee to pay these expenses when required may result in the district filing a cause of action in small claims court against the employee. [Refer to board policy 407.2](#)

Resignation – Licensed Employees at Year End

A licensed employee who wishes to resign must notify the superintendent in writing within the time period set by the board for return of the contract. This applies to regular contracts for the licensed employee's regular duties and for an extracurricular contract for extra duty. Resignations of this nature will be accepted by the board.
